

# "At Last: Business Websites That Are Simple To Build And Don't Require Ongoing Support!"

*Dear Friend*

Are you reliant on your web developer to update your website (ongoing expense) or perhaps you have a Content Management System (CMS) which is just too complicated (waste of precious time)?.....What if you could change that and at the same time discover what most business owners (including your competitors) will never know about attracting more leads, more clients and greater profits to your business?...Secrets like:

- ✓ **The single most important secret (*less than 5% of business owners follow*) behind long term Website business success**

How a simple change can drastically boost results (*get this part right, and you're 80% of the way there*)

- ✓ **The 7 most powerful ways to build business sales and generate enquiries while you sleep!!**

The vast majority of business owners never figure out the concept which allows them to attract leads without their input (*and yet the "solution" is easy and will send your sales through the roof*)

- ✓ **The 12 fatal mistakes made when putting together a Business website**

How to ensure your customers interact with your Business Website to drive sales without you doing a thing. (*Plus - the SINGLE most important thing you can do once you get them there*)

## TESTIMONIALS

*"I was astounded: It has been a wonderful experience. Knowing nothing about this sort of thing, I cannot believe how easy the 3 step program is!! We have achieved a fantastic result. Our **Corporate Makeover** has breathed new energy into our business. Our **Business Website** looks great and is so easy to use."*

*- North East Uniforms and Embroidery.*

*"It is exactly what we wanted. I couldn't believe how easy it was to build and use. We are really happy with the results. Everybody's talking about our new website!!"*

*- Nev's Cabinets*
